WIPE THE MUD AWAY

1 Scraper Mats are placed outside your building as your first defense against dirt, grime, and moisture. They feature surface cleats designed to scrape tough dirt and grime from shoes and trap dirt below foot level.

2 WaterHog Mats are the perfect blend of scraper and wiper, and can be placed indoors or outdoors. They feature a water dam border design that can hold up to 1.5 gallons of water per square yard.

3 Carpeted Mats are the grand finale of the 3 mat system. They are designed to wipe the remaining dust and moisture from your shoes and off your office carpet or tiles!

DID YOU KNOW?

85% of dirt, dust, and moisture that is tracked into buildings could be contained within the first 15 to 18 feet with proper matting.

i

These mats are available in a wide variety of colors, shapes and sizes. Talk with your territory manager about your perfect 3 mat system options and pricing!
